ODU AT COMPAMED/MEDICA 2025 CONNECTION SOLUTIONS FOR THE MEDICAL TECHNOLOGY OF THE FUTURE

For the fourth year in a row, ODU will be presenting its high-tech solutions for medical technology at COMPAMED in Düsseldorf. In Hall 8a, Stand F20, visitors can discover the extensive ODU portfolio and obtain advice on individual system solutions from the experts present.

What you can expect:

Innovative connectors for medical technology

Whether in endoscopy, catheter applications, medical robotics or the C-arm - ODU offers reliable connection systems for the highest requirements. Our products impress with their precision, durability and ease of use - for maximum safety and efficiency in medical inserts.

Focus on forward-looking developments

Experience our latest product innovations and further developments. ODU shows how miniaturization, modularity and robust designs merge into powerful solutions.

The circular connectors are particularly noteworthy: The IEC 60601-1-compliant version of the ODU MINI-SNAP® metal connector ensures maximum safety and reliability in medical environments. In addition, ODU presents the EMC-safe version of the ODU MEDI-SNAP® with 360 degree shielding tunnel, which ensures optimum protection against electromagnetic interference and thus improves signal quality.

Another highlight is the ODU-MAC® PUSH-LOCK, a modular push-pull connector that opens up numerous application possibilities in medical technology thanks to its versatility. In addition, the proven solutions from the ODU-MAC® Blue-Line and White-Line, which are known for their reliability and flexibility, will also be presented at the trade fair.

Customized solutions for demanding applications

In addition to our standard range, we will be presenting customized connection solutions at the trade fair that are individually tailored to your requirements - from prototype to series production.

Visit ODU at COMPAMED 2025 in **Hall 8a, Stand F20**. from **17. to 20. November 2025** our team of experts will be on site and is looking forward to a personal exchange with you!

ODU Group: global representation with perfect connections

The ODU Group is one of the world's leading suppliers of connector systems, employing 2,800 people around the world. In addition to its company headquarters in Muehldorf a. Inn (Germany), ODU also has an international distribution network, production and product development sites in Sibiu / Romania, Shanghai / China, Tijuana / Mexico and Camarillo / USA. ODU combines all relevant areas of expertise and key technologies including design and development, machine tooling and special machine construction, injection, stamping, turning, surface technology, assembly and cable assembly. The ODU Group sells its products globally through its sales offices in Austria, China, Denmark, France, Germany, Hong Kong, Italy, Japan, Korea, Sweden, UK and the US, as well as through numerous international sales partners. ODU connectors ensure a reliable transmission of power, signals, data and media for a variety of demanding applications including medical technology, military and security, automotive, industrial electronics, and test and measurement.
